Scope and Content

The materials in FOIA 2014-0138-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0138-F contains materials related to Elizabeth Ann Warren.

This FOIA primarily contains invitations, reports, testimony, lists, announcements, requests, articles, letters, fact sheets, fax cover sheets, printed emails, and press releases. The textual materials consist of background information, published reports, and articles regarding Presidential Libraries; a letter regarding a book written by Elizabeth Warren; and a letter to Senators Specter and Leahy from professors of bankruptcy and commercial law regarding the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005. Electronic records include upcoming hearing lists for which Elizabeth Warren provided testimony, such as the Senate

Judiciary Committee hearing on Bankruptcy Reform, the Senate Banking Committee hearing on Credit Cards, the Senate Finance Committee hearing on the Economy, the Joint Economic Committee hearing on Middle Class Families' Economic Issues, the House Judiciary Committee hearing on the Mortgage Crisis and the Economy, and the Senate Judiciary Committee hearing on Credit Cards and Bankruptcy. In addition, one will find invitations to events that Elizabeth Warren spoke at, including events and conferences put on by the Center for American Progress. Also covered in this request are articles with general commentary, Senate amendments regarding bankruptcy reform, an invitation to speak at the Advisory Committee on Economic Inclusion, requests to furnish witnesses for Congressional hearings, and the announcement of the appointments to the Congressional Oversight Panel on the Troubled Asset Relief Program (TARP), of which Elizabeth Warren was the chair person. Lastly, invitations to a Harvard panel discussion entitled "Understanding the Crisis in the Markets: A Panel of Harvard Experts" are present.

System of Arrangement

The materials in FOIA 2014-0138-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files, Staff Member Office Files, and George W. Bush Presidential Electronic Records.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by President George W. Bush. These records are stored in Search and Access Sets (SAS) that represent their originating computer program, such as Exchange Email or the Worker and Visitor Entry System (WAVES). In addition to records captured from the White House's electronic systems, EOP-ERA also contains records from the home and shared drives used by White House staff.
