Scope and Content

The materials in 2018-0011-P are a selective, not necessarily all inclusive, body of documents responsive to the topic of the request. Researchers should consult the archivist about related materials.

Request 2018-0011-P consists of materials related to Brett Kavanaugh's service in the White House Counsel's Office from the White House Office of Records Management.

This grouping of records primarily contains schedules for President George W. Bush, briefings, correspondence, routing memos, printed emails, fax cover sheets, speech drafts from routine events, meeting memoranda, fact sheets, reports, and presidential messages. Draft fact sheets, statistical information, recommendation letters, forms, and formal documents related to

presidential nominations are included. Correspondence includes a large quantity of incoming public and congressional correspondence for Chief of Staff Andy Card and Senior Advisor Karl Rove including scheduling requests, invitations, tour requests, thank you notes, policy suggestions, and publications. Draft and final thank you letters and presidential messages from President George W. Bush are also present.

System of Arrangement

The materials in 2018-0011-P are a systematic body of documents responsive to the topic of the systematic request. Researchers should consult an archivist about related materials.

Documents responsive to this request were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Related Collections and FOIA Requests - Previously released records related to Brett Kavanaugh can be found on a dedicated page of the George W. Bush Library and Museum's website (<https://www.georgewbushlibrary.smu.edu>).
